

2023 Lake Constance open water crossing

The all-inclusive package

Avoid the risks!

We have put together an all-inclusive package at the request of many swimmers. This package allows registered swimmers to exclude the risk of losing their entry fee if they have to cancel for illness or other reasons, which would be a shame.

The all-inclusive package costs 70.00 EUR and includes the following benefits:

- Extension of your right of cancellation (without having to give a reason) to up to one day before the race:
 - Lake Constance open water swimming Q11 Friedrichshafen-Romanshorn-Friedrichshafen
 - Lake Constance open water swimming Q 22 Friedrichshafen-Romanshorn
 - Lake Constance open water swimming Q10 Meersburg-Constance-Meersburg

You may cancel your entry without having to give a reason (from the time your cancellation email is received). If you cancel within the timeframe you will be reimbursed your entry fee minus an administration fee of:

- Q11 40 EUR
- Q22 90 EUR
- Q10 40 EUR

- Guaranteed place for the following season on cancellation
Anyone who cancels within the timeframe is guaranteed a place in the following year's event in 2024. However, this guaranteed place is only valid for 2024 and is not transferable to another person.
- From now on: You will receive an online registration code for the DATEV Challenge Roth powered by hep 2024 in the beginning of April (not after the race). You must use this code to bindingly register on the website within three days.

The all-inclusive package may even be acquired afterwards, but no later than 00.00 on 1st February, via the online registration portal. It's better to be safe than sorry!

We hope to see you healthy and raring to go in Lake Constance for the 2023 season.
